ALL ABOUT

INCLUSIVE PLAYGROUND

Play is critical to the five defined areas of developmental skills (sensory, strength, motor, cognitive, social/emotional) of every child. Unfortunately, the vast majority of playgrounds deny children with disabilities the opportunity for exercise and social interaction. In fact, only a small percentage of fully inclusive playgrounds exist within our nation and these are inefficient to serve 43 million Americans with disabilities (those that are officially diagnosed).

UNLIMITED PLAY

Unlimited Play is a 501(c)3 non-profit organization that helps to plan, design and build fully accessible playgrounds that allow all children – regardless of their abilities – to play and develop together

OUR GALA EVENT

Experience first hand the newest member of our Inclusive Playground Family, Jake's Field of Dreams by attending this years annual Gala, Evening Under the Stars on Saturday, September 15, 2018. Take a tour of the playground, enjoy some great food and drinks ... while helping to support our mission.
