Where limitations are forgotten, and differences are celebrated
Why do Playgrounds Matter?

Play is a critical part of the social, emotional, cognitive and physical development of every child. Unfortunately, the vast majority of playgrounds deny children with disabilities and critical illnesses the opportunity for exercise, entertainment, and social interactions which other children enjoy. In fact, only a small percentage of fully accessible playgrounds exist within our nation and these are insufficient to serve 43 million Americans with disabilities.

An Inclusive Playground is specifically designed to remove physical and social barriers so ALL children, with and without disabilities and/or critical illnesses, can play side by side with their peers and families.

To be located in Linn, MO the Osage County Playground will be an Unlimited Play inclusive playground honoring children of all abilities — a place where limitations will be forgotten and differences are celebrated!

The Vision

We believe all children are created equal. For this reason we want to create an environment that will allow ALL children and their families to play together, regardless of their abilities. A place where all children and adults are accepted for who they are and not what they can or cannot do. Help us be able to build this playground, a place where children of all abilities play together, learn from one another, value differences and find strength to overcome obstacles.
