Where limitations are forgotten, and differences are celebrated
Why do Playgrounds Matter?

Play is a critical part of the social, emotional, cognitive and physical development of every child. Unfortunately, the vast majority of playgrounds deny children with disabilities and critical illnesses the opportunity for exercise, entertainment, and social interactions which other children enjoy. In fact, only a small percentage of fully accessible playgrounds exist within our nation and these are insufficient to serve 43 million Americans with disabilities.

An Inclusive Playground is specifically designed to remove physical and social barriers so ALL children, with and without disabilities and/or critical illnesses, can play side by side with their peers and families.

The Vision

Logan Zielinski was born on January 29, 2009, a happy and healthy boy who loved life. Logan always made sure everyone was included and no one was left out of the fun. Logan grew up at St. Johns-Mehlville UCC and became the "church kid" full of energy as he ran up the aisle each Sunday for Children’s time. His zest for life was contagious as he brought joy and humor to all he met. In June of 2021, Logan was in a terrible accident that took his life. In true Logan form, he became an organ donor, passing on life to others in need. The family of Logan along with the members of St. Johns- Mehlville UCC, in an effort to channel their grief, decided to honor Logan by building a playground, where all kids could play no matter their abilities. Logan will live on forever in our hearts for the world was his playground.
