

Creekside Camp All Abilities Playground in Kewaskum, WI

A UNIVERSALLY ACCESSIBLE PLAYGROUND PROJECT

SPONSORSHIP OPPORTUNITIES

BROUGHT TO YOU BY:

Where **limitations** are forgotten, and
differences are celebrated.

Why do playgrounds matter?

Play is a critical part of the social, emotional, cognitive and physical development of every child. Unfortunately, the vast majority of playgrounds deny children with disabilities and critical illnesses the opportunity for exercise, entertainment and social interactions which other children enjoy. In fact, only a small percentage of fully accessible playgrounds exist within our nation and these are insufficient to serve 43 million Americans with disabilities.

An **Inclusive Playground** is specifically designed to remove physical and social barriers so ALL children, with and without disabilities and/or critical illnesses, can play side by side with their peers and families.

To be located in Kewaskum, WI this playground will be an **Unlimited Play inclusive playground** — a place where limitations will be forgotten and differences are celebrated!

THE VISION

Our mission is to create a safe, welcoming and accessible play environment where children of all abilities can engage, explore, and connect. We aim to ensure that every child can play without boundaries.

Kewaskum is an area that is surrounded by the stunning Kettle Moraine, which consists of rolling hills, beautiful landscapes and abundant wildlife. Countless generations have grown up visiting the parks in our community, and cherished memories made over the years. We look forward to continuing to create new memories together as we build an all-abilities playground, where everyone can play, connect, and grow.

Although Kewaskum is a small town, we have a big sense of community. Friends and relatives in the area rally around each other with every high and low. We celebrate accomplishments and are willing to help our neighbors in times of sadness or need. Our goal is to reflect the core values of our community by providing every child an equal opportunity to play with their families and peers.

At Creekside Camp all abilities playground, we hope to foster a new environment where kids of all ages can create new memories and friendships, a place where every child is welcomed and feels included and safe, a place where friends are made, and we can all play without boundaries.

Creekside Camp all-abilities playground was inspired by a few gone too early from this earth. They will be remembered and honored with the presence of this playground.

Creekside Camp All-Abilities Playground

“Play Without Boundaries”

Meet our inspirations bringing our community together

The Cain Family

Baylor, born on May 9th, 2016, was diagnosed shortly after with Spinal Muscular Atrophy (SMA), a genetic condition causing progressive muscle loss. Despite no cure, therapies are now available. Unfortunately, Baylor had the most severe form of SMA, and these therapies weren't yet accessible. He passed away at 3 months old due to SMA complications. Baylor's infectious smile and love for nature will never be forgotten. In his memory, we take his younger brothers to all-abilities playgrounds, as many affected by SMA have disabilities, including potential wheelchair use. By visiting these playgrounds, we teach our kids to understand and accept everyone's differences. It's vital to us that every child can play without limitations. We believe that all playgrounds should consider every child. This playground honors our son Baylor and will continue to do so for future generations. It's where Baylor's spirit shines, connecting kids and families with love.

The Theisen Family

Melissa is a mom to three boys. She and her husband, Matt, recently welcomed twins, Riley and Merritt, to their family. Their oldest son, Morgan, was born in June 2021 and spent his life at Children's Wisconsin due to complex medical needs. Living at the hospital alongside Morgan for 82 days opened their eyes to so much—first, how the support of medical professionals, friends, family, and community members not only made a difference in their lives but also allowed them to be fully present for Morgan every second they had with him. And second, how medical challenges reshape families, often making something as simple as play feel out of reach.

Though his life was filled with challenges, Morgan was pure joy. In his short time earthside, and through the people he brought into their lives, he taught Melissa and Matt that the greatest thing we can do for each other is reach out a hand to help. The all-abilities playground is one way they are doing just that—"playing it forward" by helping the Creekside Camp Committee create a space where every child in Kewaskum and Washington County, regardless of ability, can experience the joy of play and truly be included.

Meet our inspirations bringing our community together

The Schotzko Family

Our sweet Reagan's journey began when she was diagnosed with Hypoplastic Left Heart Syndrome (HLHS), a congenital heart defect, at our 20-week ultrasound. This condition is typically treated with a series of three open-heart surgeries. At just three days old, Reagan underwent her first surgery, and doctors soon told us her best chance for survival would be a heart transplant. After six long months, Reagan received a new heart and was able to go home just 20 days post-transplant.

Since then, Reagan has made incredible progress and continues to reach new milestones. However, for her, milestones aren't just about developmental growth; they also include regular echocardiograms, yearly heart catheterizations, daily medications, and ongoing lab tests to prevent rejection. While these procedures are essential for her health, they also come with risks that can impact Reagan's growth, development, and cognitive abilities.

As Reagan continues to thrive, we've realized the importance of supporting all families, no matter their child's ability. Children with varying needs deserve the opportunity to play, grow, and experience the joy of being included, no matter what challenges they may face.

We believe in the power of inclusion, and we know that creating a space for all children to thrive will have a profound impact on our entire community.

Reagan

The Wade Family

Jake and Kelsey have both grown up in Kewaskum, attended Kewaskum schools, and are active members of the community. They now have two kids, Bennett and Mackenzie, who will also grow up in Kewaskum. As a special education teacher in Kewaskum, Kelsey believes it is important for every child to have the opportunity to play, explore, and interact with their peers in appropriate settings. Having an all-inclusive playground in Kewaskum would not only allow opportunities for kids with varying abilities, but for her kids to be provided with more opportunities to interact and include them in their everyday activities.

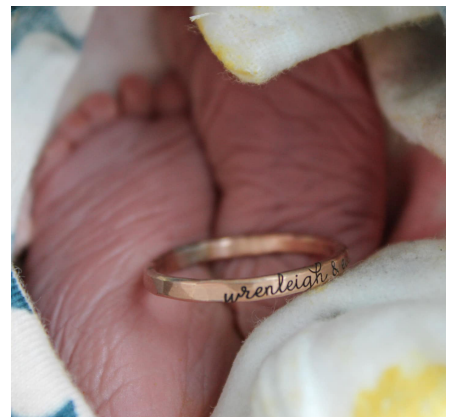

The Theisen Family

Tocarra and Josh are raising their family in Kewaskum. In 2020, they faced a heartbreaking loss when their daughter, Wrenleigh, passed away. This experience has influenced their family's mission, leading them towards something meaningful.

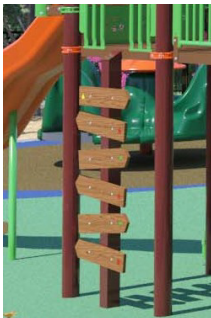

Tocarra has been championing the creation of an all-abilities playground in Kewaskum. This project is more than just a playground; it's a vision for a space where families, regardless of their challenges, can come together to play, connect, and be part of a supportive community.

For Tocarra and her family, this playground is a tribute to Wren. It's a place where every kid, no matter their abilities, can have fun playing with others. We're excited to see the happiness it will bring, creating a legacy of love and inclusion for our hometown.

Join us in the efforts to build this universally accessible playground.

Your generous support will enable ALL children and caregivers of all abilities the opportunity to experience the joys and benefits of play. "This destination playground will truly impact everyone in Washington County and beyond."

**“Inclusion is not bringing people into spaces that already exist. It is making a new space, a better space for everyone.”
– George Dei**

The Creekside Camp All Abilities Playground Committee is striving to create such a space in Washington County; a place where people of all ages and abilities will engage in healthy habits through outdoor play. The endeavor will require the support of the Washington county communities, churches, businesses, foundations, clubs and families.

Your generosity, either monetarily or with in-kind gifts, is creating so much more than an ADA-accessible park; it is creating a place of inclusion and safety, community, and cohesion.

Please consider donating in one of the following ways

- 1. Contribute to the general fund required to complete all aspects of this park, including bathrooms, fencing, accessible parking, safety surfacing and plenty of places to rest in the shade.**
- 2. Purchase a specific piece of playground equipment.**
- 3. Share an in-kind gift of your time and talents, such as donation of specific building materials, equipment, and labor. We will have needs in the areas of concrete, land leveling, landscaping, and others.**

If you can contribute to our efforts in this way, please speak directly to a committee member.

What is Unlimited Play?

Unlimited Play is an award winning nonprofit organization that builds universally inclusive playgrounds to promote health and wellness and change communities by providing freedom of play for ALL children. The transformational power of an inclusive playground brings kids and adults of all abilities together to play and learn from each other.

Unlimited Play is a 501(c)3 non-profit organization that helps to plan, design and build fully accessible playgrounds. Unlimited Play playgrounds allow all children – regardless of their abilities – to play together. A valuable resource in our community, Unlimited Play has unique expertise in this area and is available to assist in the development of inclusive playgrounds that promote dignity, understanding and respect among children. In 2016, Little Tikes Commercial and Unlimited Play announced a partnership to help provide the magic of outdoor play to children of all abilities.
