Why do playgrounds matter?

Play is a critical part of the social, emotional, cognitive and physical development of every child. Unfortunately, the vast majority of playgrounds deny children with disabilities and critical illnesses the opportunity for exercise, entertainment and social interactions which other children enjoy. In fact, only a small percentage of fully accessible playgrounds exist within our nation and these are insufficient to serve 43 million Americans with disabilities.

An **Accessible Playground** is specifically designed to remove physical and social barriers so ALL children, with and without disabilities and/or critical illnesses, can play side by side with their peers and families.

To be located in Monroe County, Ohio this playground will be an Unlimited Play accessible playground — a place where limitations will be forgotten and differences are celebrated!

THE MISSION

Mission Statement

Maverick's Creek Inclusive Playground, a project of the Monroe County Board of Developmental Disabilities, is committed to creating a space where people of all abilities can live fully, work together, and play side by side. Situated near the fairgrounds, this inclusive playground will offer a welcoming environment that reflects our community's belief that everyone deserves to belong, be valued, and be included.

THE VISION

We envision Maverick's Creek Playground as a vibrant, fully inclusive playground where no one is left out—a place where families gather, friendships grow, and joy is shared by all. As a community that embraces everyone, Monroe County is proud to build a space that represents our values of accessibility, inclusion, and opportunity to Live. Work. Play. together.
